Aethlwynn

Aethlwynn was abandoned as a tiny baby so is known as The Foundling. She spent her early years being raised with Aethswold by a kindly family. When the family could no longer support Aethlwynn and Aethswold they were sent out into the world and separated to follow individual lines of study.

Aethlwynn was sent off to a small witch cult at an incredibly young age for an elf. One day she returns from a forging trip to find the camp empty - but showing signs of a fight and with blood on the ground. Aethlwynn was scared and ran away with only the things she was wearing when she went foraging.

She ran back to Moonrest Haven to find Aethswold.
